Pam Thevenow, MCHD	3838 N. Rural St.	Indianapolis, 46205	317-221-2266/ptheveno@hhcorp.org
[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]
[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

Commented [M1]: [REDACTED] She raised concerns about smell and quality of water. Seems to understand that many of her issues may be due to sulfur/e.coli, but does not want to invest in a new well if they will be hooked up to municipal water. She also owns [REDACTED].

Commented [M2]: Same concerns about smeel and quality as [REDACTED]

Commented [M3]: [REDACTED], but lives at the [REDACTED]. Address. Has concerns about his ability to rent his home due to HUD restrictions

Commented [M4]: She stated that she was president of their Neighborhood Association, even though most residents she felt didn't know they had a Neighborhood Association. She may be the current president of the Marion County Alliance of Neighborhood Associations, http://www.mcanaindy.org/contact_us.htm, or a president of one of the Neighborhood Associations under this groups umbrella.

Commented [M5]: [REDACTED] spoke about the overall poor quality of the water after the meeting. He feels his well is deeper than the [REDACTED], although not as deep as his mother's. He knew several residents who moved out and spoke about their health problems. He also mentioned that his wife's hair has been falling out from the water. He does not drink the water, but does use it for showering. He does not believe his water has been tested and mentioned that testing may be difficult because he would have to be there to tie up his dog (dogs?)

**Cossell/Vermont Street Neighborhood Ground Water Contamination, Speedway ,IN
6:30 p.m. – Monday, December 20, 2010, Thatcher Park, 4649 W. Vermont St., Indianapolis, IN**

NAME & AFFILIATION	STREET ADDRESS	CITY & ZIPCODE	E-MAIL / PHONE (OPTIONAL)
Sue Barto, Allison Transmission	4700 W 10th St	Indianapolis, IN 46222	Marthasue.barto@allisontransmission.com
Jeb Bardon, Indiana House District 25	3135 Shady Grove CT	Indianapolis, IN 46222	jebbardon@aol.com , H25@IN. Gov/317-924-5216
Suzanne Rothenburg	200 E. Washington ST. 2160	Indianapolis, IN 46204	Suzanne.rothenburg@indy.gov/317-327-5216

Commented [M7]: Same concerns about smel and quality as [REDACTED]

Commented [M6]: She is the mother of [REDACTED]. Her well is probably deepest in the neighborhood and broke through sulfur when it was dug. There was a note attached to her deed (dating either from the 50s or the 70s which stated that the house was to be attached to Indianapolis Municipal water.)

Commented [M8]: Arrived after meeting, but spoke to Brian and Suzanne Rothenburg

Cossell/Vermont Street Neighborhood Ground Water Contamination, Speedway ,IN
6:30 p.m. – Monday, December 20, 2010, Thatcher Park, 4649 W. Vermont St., Indianapolis, IN

Notes on questions/comments asked at Meeting

- [REDACTED] commented on sewage smell and quality of Water
- How deep were Contaminated Wells? - [REDACTED]
- Does well depth matter? - MCHD
- Is there an upper and lower aquifer - Speedway Water
- Has engineering for project been done? - possibly Dave Favero (?)
- I think homeowners need answers right away. If you're adamant why isn't water being tested more often? Ours hasn't been tested since last summer. What about our safety? My well has not been tested since last summer. - [REDACTED]
- Response was- We can make sure your well is included in next round of testing.
- [REDACTED] commented that he does not cook or drink with well water
- A homeowner asked about the source - [REDACTED]
- If it's [the contamination] in shallow water, will it hit deeper water? - [REDACTED]
- Has a risk assessment been done? - Adam (MCHD?)
- Is there anything these people can do? – Pam Thevenow
- Question about cost of filter?
- What about maintenance for filter? – Speedway Water
- Best option/preferred option is Municipal Water – Brian
- When should filters be replaced- Pam Thevenow
- Response- Difficult to say as it can depend, but generally every 12 - 15 months
- [REDACTED] would like info on filters
- [REDACTED] had a question on agreed order form (?)
